HUNTSVILLE, Oct. 17, 1853. Henryhle, Oct. 17, 1852.

Dr. Blersom—Some time has clapsed since I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicinas, with momentary rollef. Being persuaded to try your alterative compound, I did so—and I am happy to say treommend it to all persons suffering from diseases, of the recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. ROBERTSON.

Dr. Bertson—Having seen the publication of your Alterative Compound, I think it my duty to say to the public, that I had been for year-assigned to spells of Gramp Colic, in its worst form; that I had tree dataset every thing that is git yen by physiciaus, and never found any thing that would certainly relieve me, until I treat the above medicine, which has relieved me in every sites, in less than an inrelieved me in every attack in less than an hour WM. B. LLOYD.

GRES COUNTY, Team., Dec. 23, 1851.

DR. BLEDSON:—I feel that I should full short of my duty to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely re-lieved me, so that I have not had cause to take anything in two mouths. I can eat anything I want with impunit, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend. Should I ever same try respectfully your friend, call on you. I am very respectfully your friend. ELIZABETH J. HARWOOD.

This is to certify, that I had suffered for many years with Dyspensia and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving my benefit, when Leonanenced the use of Irr. A son of Mr. Warren, of this town, 14 years of age, had been afflicted with the Asthmu from his cradle. He had the benefit of the best needed advec that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was emaciated al-most to a skeleton. By the use of a few bottles of the Oint-

This was an extreme case of inflammation of the spleen, of long standing; has a variety of freatment from no less than sight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointcured by the use of only four bottles of the Magnetic Ointment. This was four months ago and the lady (a Mrs. Dunbant,) is still in good health, and able to attend to her usual bousehold duties. Have treated two cases of *Circuia* Sore Figs. with the Ointment, both of the patients so nonely bland, as toneed an attendant to lead them from place to place. One of them had been afflicted 15 years, the other about 9 years. They had tried the bast physicians in the State, without benefit, and one of them had been under the treatment of the celebrated Dr. Mozzy, of Oincinnatt, for eighteen months, and had expended hundreds of dollars in van efforts to effects ourse. They are now by use of the Magnetic Outment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case has it failed of giving immediate relief and generally a permanent failed of giving immediate relief and generally a permanent cure. I have also used it beneficially in severe cases of Ery-sipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic Ointment alone!
From a thorough trial of the Ointment in nearly every

disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies ever offered to the public.
